Amoco Production Company

Surface Log

NAME: PAVLOV BAY
AREA OR COUNTY: PORT MOLLER QUAD STATE: ALASKA
LOCATION: Sec. T.7N R.5W
MEASURED BY: WILLIAMS, SMIRNOFF DATE: 6/77
INTERVAL: TOLSTOI - STEPOVAK? (Beaver Bay Grp)
REMARKS: Section measured along PAVLOV BAY from crest of anticline south to intrusions forming TOLSTOI Mbr. Section repeatedly cut by andesite dikes and sills, often along faults, causing disruptions of unknown magnitude within the measured section. There are several long stretches of section which parallel strike, and numerous areas with poor/covered section.
LOCATION: 55° N 161° 29' W
