LAND OWNERSHIP

This map was compiled from data contained in public records. Minimum mapping resolution is 160 acres; land ownership encompassing less than 160 acres is shown as points. See the User's Guide for for the Copper River Area Resource Mapping Project for detailed descriptions of mapped units and documentation of compilation methods and sources.

SP	Land patented to the State of Alaska.
ST	State of Alaska approved land selection from the Federal Government.
SC	State of Alaska land sold or conveyed to others.
SLRP	State of Alaska land area offered for disposal via a remote staking program.
MP	State of Alaska land conveyed to a municipality.
MS	State of Alaska land selected for ownership by a municipality.
SCH	State of Alaska school grant land retained by the State.
SCHC	State of Alaska school grant land sold or conveyed to others.
UNI	University of Alaska land.
SACQ	Land aquired by a State agency for State use.
NP	Federal land conveyed to a Native Corporation.
F	Bureau of Land Management land.
FA	Withdrawn federal land for an active federal system or use.
SS	Federal land with pending State of Alaska selection.
NS	Federal land with pending Native Corporation selection.
NA	Federal land with Native allotment application.
HE	Federal land with trade and manufacturing site, headquarter site, or homestead application.
PRV	Federal land conveyed into private ownership.
ND	No Data.

Land parcels with multiple ownership claims are identified with combinations of the above codes, for example:

SSNS — Federal land with pending: Native Corporation selection and State of Alaska selection.

SSNSNA — Federal land with pending: Native allotment application, Native Corporation selection, and State of Alaska selection.

NOTE: This map is intended for regional planning purposes. Because land ownership is dynamic and constantly changing, site-specific planning will require verification of current land ownership records.
