Help Us Make History at the Alaska Geologic Materials Center

The [Geologic Materials Center](#) (GMC), managed by the Division of Geological & Geophysical Surveys, is now recruiting energetic individuals to help relocate the GMC's 75,000 cubic foot geologic sample collection from Eagle River to Anchorage in April 2015. Each applicant should offer unique scientific and technical experience required to help curate, organize, transfer, and make accessible the archived geologic materials and related data at the GMC.

Start Date: 04/01/2015

End Date: 07/29/2015

Job Title: [Natural Resource Technician I](#)

Range: 10

Department: Natural Resources

Division: Geological & Geophysical Surveys

Region/Section/Unit: Alaska Geologic Materials Center

Location: Eagle River with rotations in Anchorage

Hours: Full time, 8:00 a.m. – 4:30 p.m. (or "Full time, flexible schedule")
