

April 2014 Status of Tide Stations and Tidal Datums in Alaska

These figures have been updated from January 2013 to visually summarize the current status of tidal data in Alaska. All of the information contained in these figures is freely available from either [NOAA CO-OPS](#) or [NOAA NGS](#). For additional information on tidal datums in Alaska please visit the DGGS tidal datum portal at <http://www.dggs.alaska.gov/tidal>.
