LAND STATUS AND CLAIM MAP OF THE RICHARDSON MINING DISTRICT, ALASKA

BY
P.J. Burton, P.A. Metz and R.C. Swainbank
Mineral Industry Research Laboratory
1984

Explanation

-  Closed to mineral entry
-  Existing state mining claims
-  Public or private patented land
-  Open to entry by leasehold location
-  Conditionally open to entry by location

NOTE: Source of data is the Alaska Department of Natural Resources, Division of Lands. The individual township plats should be reviewed prior to claim location.

Mapped, edited, and published by the Geological Survey
Control by USGS and USCGS
Topography by photogrammetric methods from aerial photographs taken 1949. Map not field checked.
Projection and 1000-meter grid ticks: Universal Transverse Mercator, zone 5. 10,000-foot grid ticks based on Alaska coordinate system, zone 3. 1927 North American datum.
Gray land lines represent unsurveyed and unannexed locations predetermined by the Bureau of Land Management, File F-9, Fairbanks, Meridian.
Swamps, as outlined, indicate only the wetter areas, usually of low relief, as interpreted from aerial photographs.

CONTOUR INTERVAL 50 FEET
DOTTED LINES REPRESENT HALF-INTERVAL CONTOURS
NATIONAL GEODETIC VERTICAL DATUM OF 1929

ROAD CLASSIFICATION
Primary highway, all weather, hard surface
Secondary highway, all weather, hard surface
Light-duty road, all weather, improved surface
Unimproved road, fair or dry weather
