

EXPLANATION

	Malchite		Contact
	Granodiorite porphyry Related to Hyder quartz monzonite		Fault Dashed where approximately located
	Texas Creek granodiorite		Fault Dashed where inferred
	Quartz vein Showing dip		Strike and dip of schistosity
	1. Scheelite ore 2. Sparsely distributed scheelite		Shaft
	Lindeborg shear zone		Bureau of Mines diamond-drill hole Showing number, inclination, and direction
			Opencut
			Dump

GEOLOGIC MAP OF THE LINDEBORG SHEAR ZONE, RIVERSIDE MINE, HYDER DISTRICT, ALASKA

Geology and topography by F. M. Byers, Jr. and Clyde Wahrhaftig, 1942
