

Base compiled from map by Topographic Division, U. S. Geological Survey, 1957

Geology by Ernest H. Lathram, Robert A. Loney, William H. Condon, Henry C. Berg, Maurice Groler, J. Thomas Dutro, Jr., 1956-1957
Quaternary geology largely from interpretation of aerial photographs by William H. Condon, 1957

PROGRESS MAP OF THE GEOLOGY OF THE JUNEAU QUADRANGLE, ALASKA
By Ernest H. Lathram, Robert A. Loney, William H. Condon and Henry C. Berg
1958

BEDDED ROCKS

CHICHAGOF ISLAND

21 Alluvium and glacial deposits

14 Flows, tuff, and breccia

22 Glacial deposits

16 Basalt

15 Conglomerate and graywacke

12 Chert and siliceous argillite

11 Limestone

9 Limestone and shale

8 Andesite and basalt flows, breccia, and tuff

7 Limestone

6 Conglomerate, graywacke, siltstone and shale

5 Limestone and marble

4 Limestone

3 Graywacke and argillite

2 Metamorphic rocks

1 Slate

INDEX MAP SHOWING LOCATION OF MAP AREA

EXPLANATION

BEDDED ROCKS

CHILKAT RANGE AREA

22 Glacial deposits

14 Flows, tuff, and breccia

22 Glacial deposits

16 Basalt

15 Conglomerate and graywacke

12 Chert and siliceous argillite

11 Limestone

9 Limestone and shale

8 Andesite and basalt flows, breccia, and tuff

7 Limestone

6 Conglomerate, graywacke, siltstone and shale

5 Limestone and marble

4 Limestone

3 Graywacke and argillite

2 Metamorphic rocks

1 Slate

INDEX MAP SHOWING LOCATION OF MAP AREA

BEDDED ROCKS

ADMIRALTY ISLAND

21 Alluvium and glacial deposits

14 Flows, tuff, and breccia

22 Glacial deposits

16 Basalt

15 Conglomerate and graywacke

12 Chert and siliceous argillite

11 Limestone

9 Limestone and shale

8 Andesite and basalt flows, breccia, and tuff

7 Limestone

6 Conglomerate, graywacke, siltstone and shale

5 Limestone and marble

4 Limestone

3 Graywacke and argillite

2 Metamorphic rocks

1 Slate

INDEX MAP SHOWING LOCATION OF MAP AREA

BEDDED ROCKS

MANSFIELD PENINSULA, ISLANDS IN FAVORITE CHANNEL AND AUKA BAY-AMALGA HARBOR AREA

21 Alluvium and glacial deposits

14 Flows, tuff, and breccia

22 Glacial deposits

16 Basalt

15 Conglomerate and graywacke

12 Chert and siliceous argillite

11 Limestone

9 Limestone and shale

8 Andesite and basalt flows, breccia, and tuff

7 Limestone

6 Conglomerate, graywacke, siltstone and shale

5 Limestone and marble

4 Limestone

3 Graywacke and argillite

2 Metamorphic rocks

1 Slate
