

- EXPLANATION**
- LINE 1-52-145
United Geophysical Co. party 145, 1952, line 1
 - Good reflection
 - - - - - Poor reflection
 - Questionable reflection
 - NR Point located but no seismic record
 - NS Point located but not shot
 - Not drilled
 - Point located but not drilled
 - SURFACE
 - Ground surface
 - 20 — 25' Intersection line 3-1-52
 - Shot points showing intersection with line 3, shot point 1, 1952
 - CORRELATION ---
 - Horizons used by United Geophysical Co. to correlate reflection
 - SEISMIC DATUM HORIZON
 - Seismic horizon that probably correlates with a sandstone bed in the Grandstand formation found in Gubik test well 2 at -4250 ft

SEISMIC REFLECTION PROFILES OF THE EAST END OF UMIAT ANTICLINE

SCALE 1:62500

DATUM IS MEAN SEA LEVEL
