
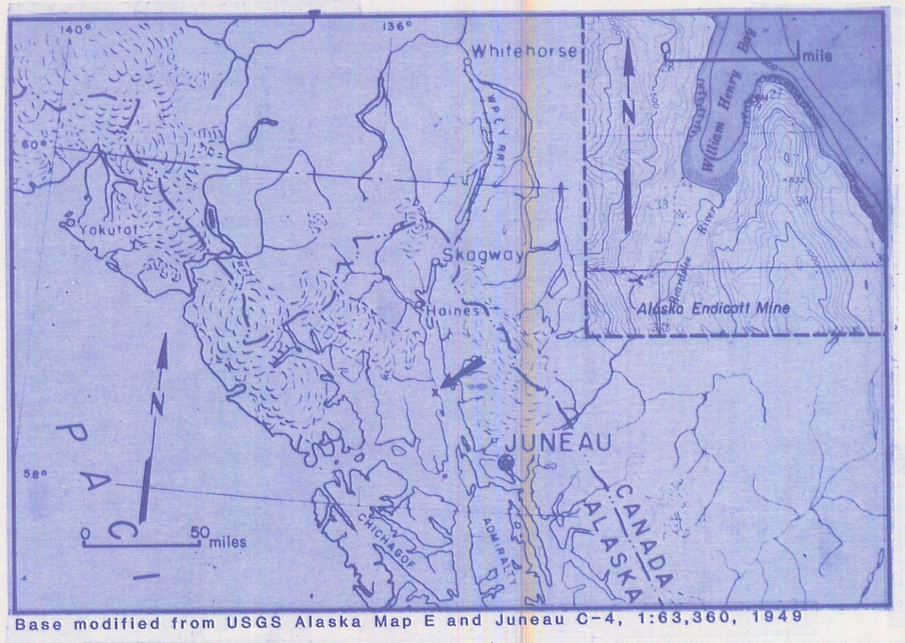
Location Map



Base modified from USGS Alaska Map E and Juneau C-4, 1:63,360, 1949

EXPLANATION

Calcite/quartz vein and stringer

Contact, dashed where inferred

55

Fault, dashed where inferred, showing dip and direction of movement where known

Fault, vertical, dashed where inferred

Shear zone

35

Strike and dip of bed

60

Strike and dip of foliation

Adit portal

Outline of stope level

Raise/winze through level

Foot of raise or winze

Ore chute

7061

Geochemical sample locality
