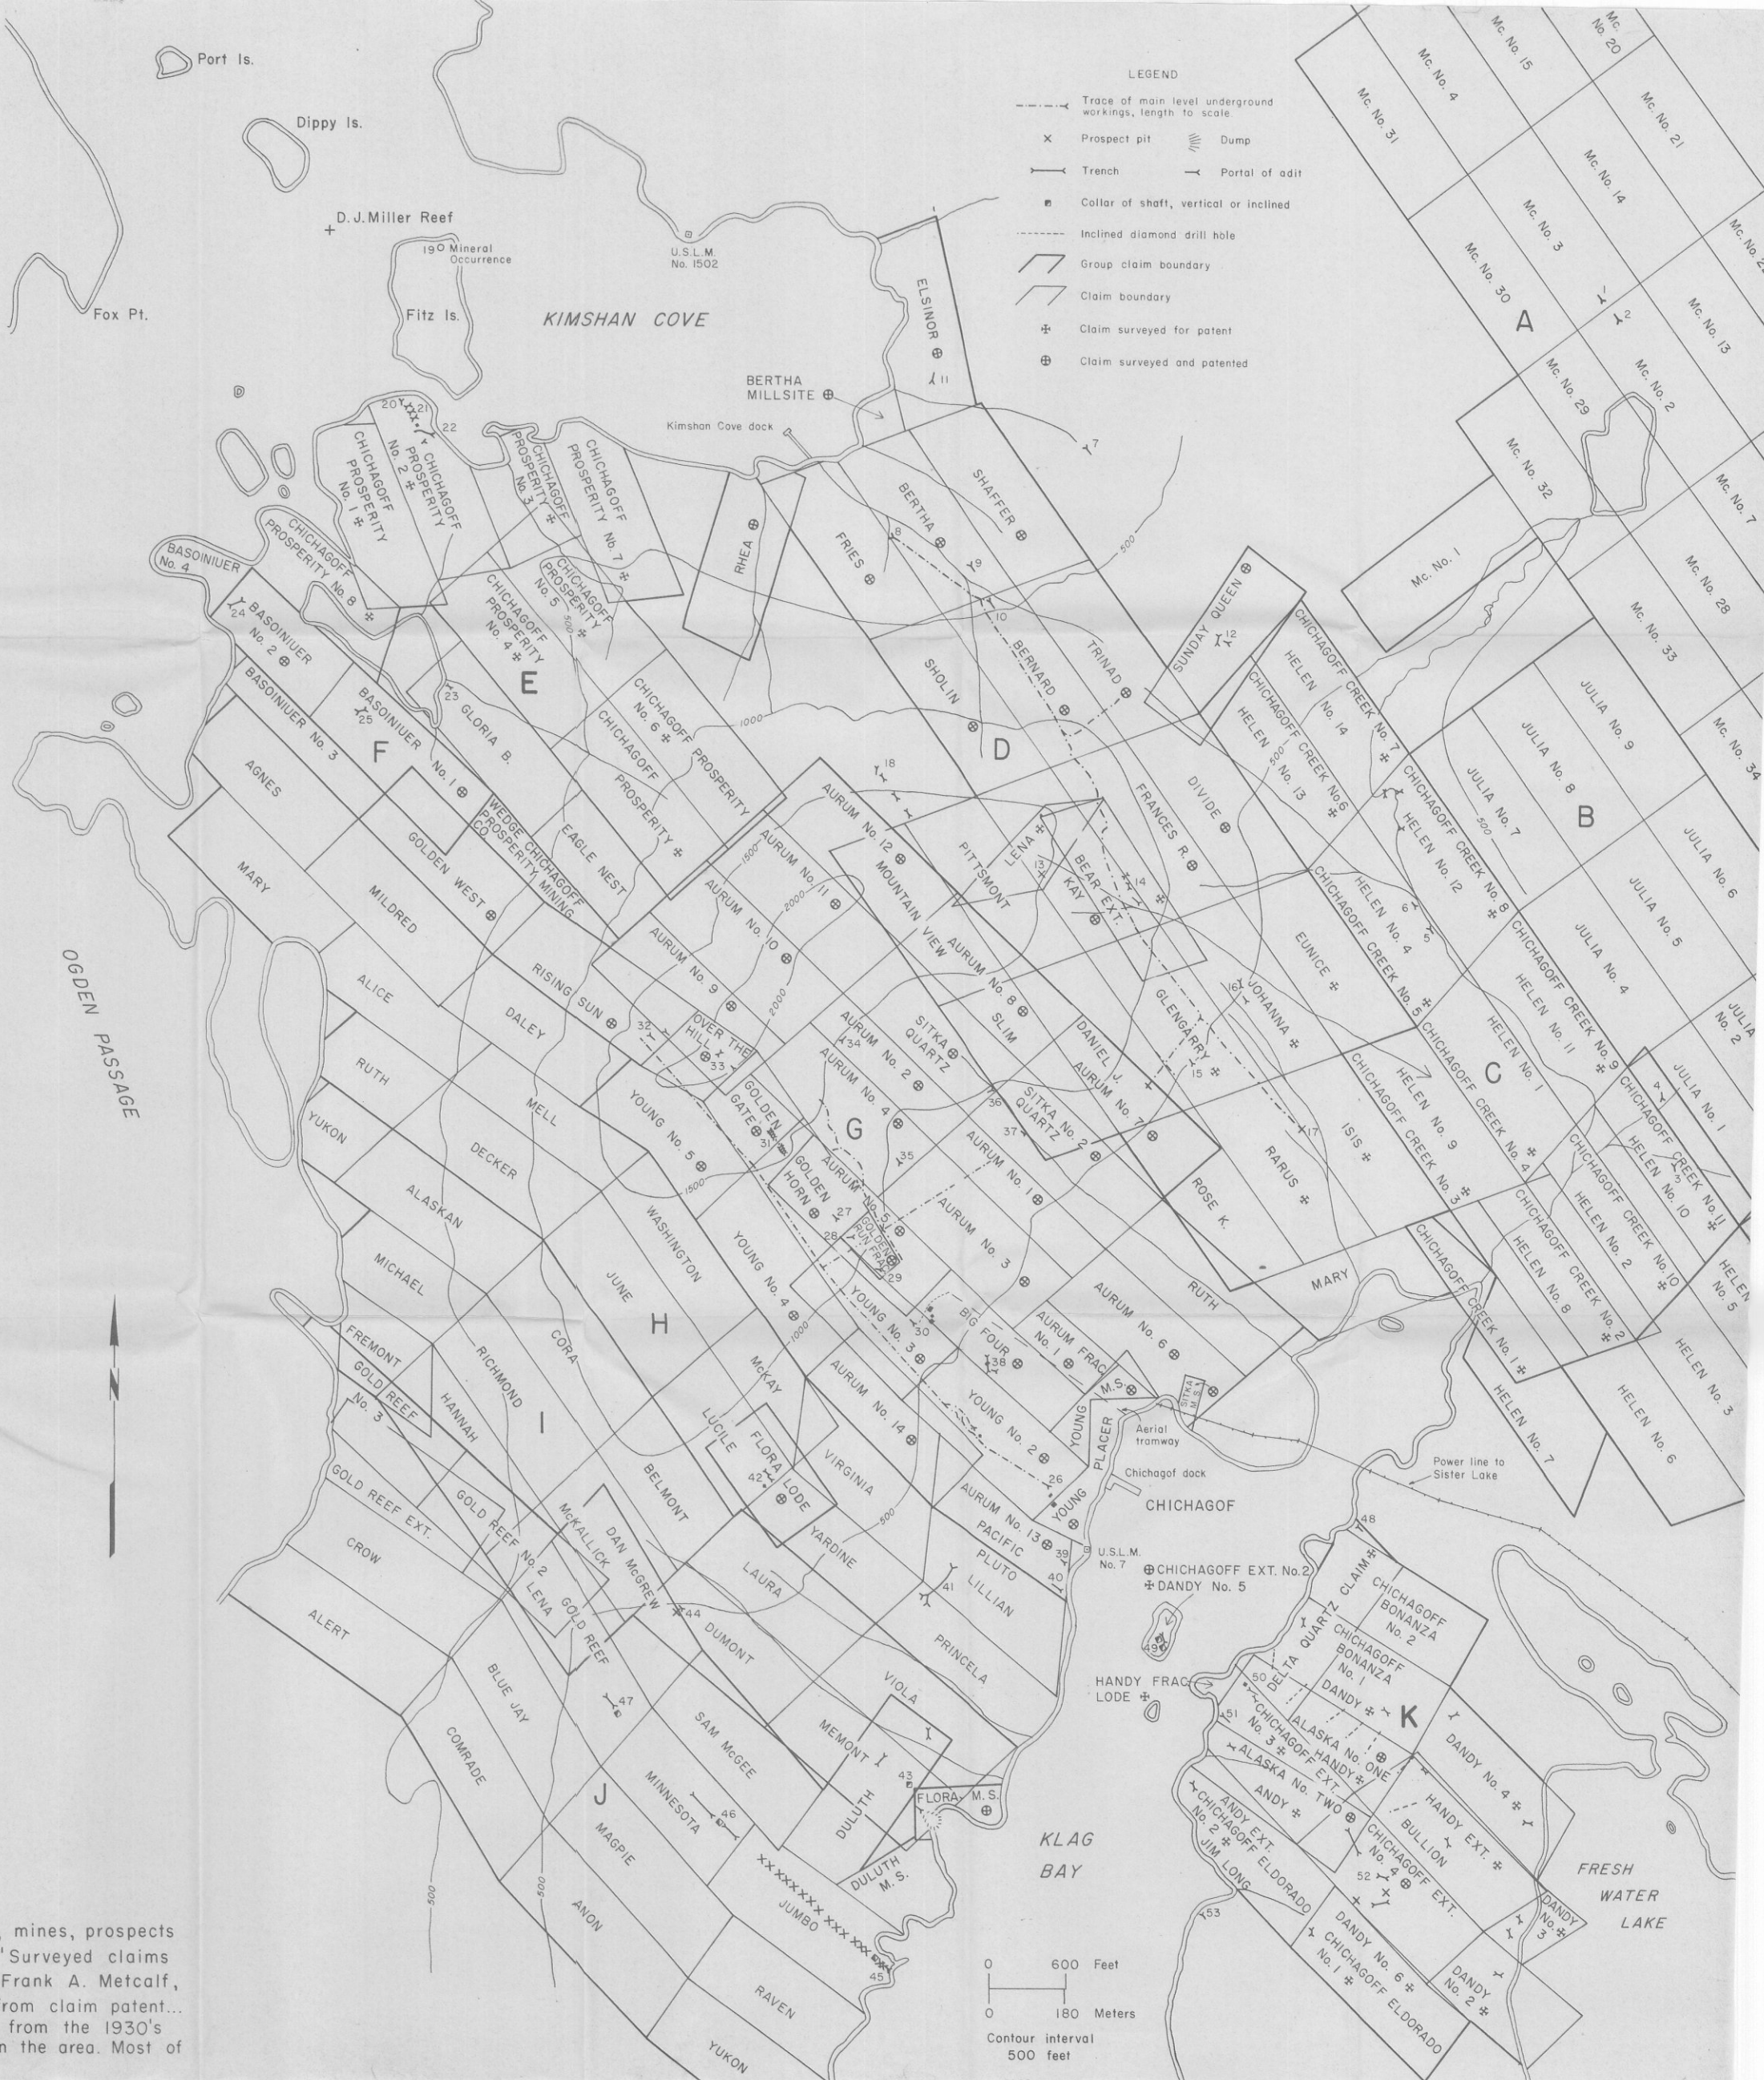

Plate 3.—Doolth Mountain area map showing claims, mines, prospects and workings. (Modified from map titled "Surveyed claims in vicinity of Chichagof P. O. Alaska" by Frank A. Metcalf, Jan. 1932 data added from this study and from claim patent... survey maps.) Much of this map data dates from the 1930's when prospecting activity was at its height in the area. Most of this activity ceased after 1943.
