

EXPLANATION

- Anticline, showing known closure
- Closure line dashed where data is indefinite
- Anticline without known closure
- Syncline
- Area surveyed by seismograph by United Geophysical Co., Inc.
- Oil well
- Gas well, showing total depth, in feet
- Abandoned well showing total depth, in feet
- Dry hole, showing total depth, in feet
- Core test

AREAS SURVEYED BY SEISMOGRAPH AND LOCATION OF PRINCIPAL CLOSED STRUCTURES, NORTHERN ALASKA

SCALE 1:1,000,000
0 10 20 30 40 MILES

Area surveyed by seismograph by United Geophysical Co., Inc.
